DETAILED ACTION

1. This communication is responsive to the applicant's amendment dated 3/15/2005.
2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 8-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 8-9 recite the limitation "estimated microphones/the estimated microphones". There is insufficient antecedent basis for this limitation in the claim.

Claims 8-9 recite the limitation "the estimated positions". There is insufficient antecedent basis for this limitation in the claim.

The claim language in lines 3-7 of claim 8 is confusing and not clearly recited to enable one of ordinary skill in the art to understand the specific functions and circuitry connection

for 'a signal estimator' to provide or generating signals for the microphone array.

It is unclear how "a synchronous adder which *aligns phases* of the output signals of the microphones and the estimated microphones" as recited in claim 8. It is unclear how a synchronous adder that is provided to add signal and also *aligns phases* as claimed.

4. Claims 8-11 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
